As you complete a page and click the "Save and Continue" button at the bottom of the page, you will progress through these task bars. As previously noted, only the items with a double asterisk (**) need to be completed to progress.

This guide provides a view of many of the pages accessed when progressing through the above task bars, but not all of them. **However, please remember that unless specifically noted in this guide, items with a single asterisk (*) do not need to be completed when only applying to the scholarship offered by North Reading Dollars for Scholars.**

IMPORTANT INFORMATION: This website can be used to apply to the scholarships offered by the North Reading Dollars for Scholars (NR DFS) and can also be used to apply to other scholarships. **When applying for the scholarship offered by the NR DFS, students only need to complete items with a double asterisk (**).** With only one or two exceptions (noted in this guide), other items/tasks can be skipped/left blank if you plan to use this website to apply only to the scholarship offered by NR DFS.

When applying for the scholarship offered by the NR DFS, students only need to complete items with a double asterisk ().** With only one or two exceptions (noted in this guide), other items/tasks can be skipped/left blank if you plan to use this website to apply only to the scholarship offered by NR DFS.

You can complete the required items/tasks and submit your application. After submitting your application for the NR DFS scholarship, if you wish to complete additional items/tasks in order to apply to additional scholarships, you should be able to do so.

This is a view of the "GPA" page. Notice there is a double asterisk (**) on this page. Current seniors should begin by indicating "I have high school GPA information only" in the dropdown box. You should then report your **unweighted G.P.A.** for the item "***Cumulative HS GPA." Report the unweighted GPA that will be (was) included on the GPA/Rank letter you will receive (received) during February or March of your senior year. This letter will include your unweighted GPA as of the midpoint of your senior year. If a student is completing this application and needs to submit it before he/she received his/her "midpoint of senior year" GPA, he/she can use the unweighted GPA that he/she received via letter in late September/early October. Remember that your unweighted GPA is on a 4.0 scale; therefore, all students should respond to the item "*** Cumulative HS GPA Scale" by entering "4.00."

Notice that neither "check box" is selected. Selecting the "check boxes" would change the information that can be included here. Your counselor will later be asked to verify/report both your unweighted and weighted GPA so you only need to report your unweighted GPA here.

NR DFS does not use this information when reviewing applications. If a student wishes to include this information to apply to other scholarships, he/she should refer to the GPA/Rank letter he/she received at the beginning of the year, or if available at the time the student is completing this application, he/she should refer to the letter he/she received in February or March regarding his/her updated GPA/Rank. Remember, NRHS reports rank as a "percentile." Students would report rank as 2, 5, 10, 15, 20, 25, 30, 40, 50, 75 or 100%. Class size was included in the letter you received. Because you are under 18, you must receive permission from a parent/guardian to complete the scholarship application process. Use the form below to enter information about your parent/guardian and then click the "request consent" button - this will send an email to your parent asking them to grant you permission to continue with the scholarship process.

[I am legally emancipated](#)

This is a view of the "Parent/Guardian Info" area. An applicant under the age of 18 must respond to the items in this area so a parent/guardian can consent to him/her completing the scholarship application process. An email will be sent to a parent/guardian once the student has clicked the "Request Consent from Parent/Guardian" button. The parent/guardian will be able to grant the required consent by following the steps outlined in the email. When consent is required, applicants will not be able to submit their application until a parent/guardian has completed the "consent process." When completing the "consent process" parents/guardians will notice a "button" that will open an area that allows them to report financial information. While the awarding of the North Reading Dollars for Scholars scholarship is partly based on applicants' financial need, with only one exception (see next page), parents/guardians **do not** have to list financial information in this area when the applicant is only applying to the NR DFS scholarship. However, students will have to include information about their Estimated Family Contribution (see next page) in the "Financial Info" area, if they wish to be considered for the scholarship offered by NR DFS.

This is a view of the “Financial Info” area. You will notice a paragraph on this page that suggests that students applying for a scholarship offered by North Reading Dollars for Scholars should list the Estimated Family Contribution (EFC) they received on their Student Aid Report (SAR). The SAR is a document families receive after having completed and submitted the FAFSA. “Financial need” is one of the factors considered by NR DFS when awarding scholarships; therefore, **this item should be completed, whenever possible, despite it only having a single asterisk (*)**. If a family has decided not to file a FAFSA, they should read on and take special note of the final paragraph in this area.

After entering the EFC, students should list the information requested in the box labeled “Parent Information” and then select the “Request Info from Parent” button. Parents will receive an email that allows them to create an account. Parents can then log in to their account and complete the requested financial information; **however**, it should be noted that they do not need to complete this information for the NR DFS scholarships (unless they did not file a FAFSA—please read on). The inclusion of the EFC (as noted above) suffices for the NR DFS scholarships. Parents can complete the financial information that is requested and this information may cause the student to be alerted to additional scholarship opportunities when he/she goes to the “My Scholarships” section of the website.

It should be noted that the steps of the student providing the requested information in the “Parent Information” box and selecting the “Request Info from Parent” button seem to be necessary. A student does not seem to be able to submit his/her application without completing these tasks. However, as noted above, parents do not have to supply the more detailed financial information that will be requested if their son/daughter is only using the site to apply for one of the NR DFS scholarships (unless they did not file a FAFSA—please read on). As noted on the previous page, a parent will have log in to his/her account to provide consent for any student under the age of 18 who plans to submit a scholarship application.

If you/your family have decided not to file a FAFSA, you should leave the “*FAFSA EFC” item blank. In these cases, it is recommended that a parent supply the financial information that is requested after the student completes the “Parent Information” area (shown below) and has selected the “Request Info from Parent” button. Remember, the parent will receive an email after the student selects the “Request Info from Parent” button.

This is a view of the “Goals Essay” area. Please note that there is also an area for an “Unusual Circumstances Essay” North Reading Dollars for Scholars **does not require** either essay as part of the application for the scholarships it offers. Students **do not have to respond** to either of the essays included in these areas when using this website to apply to the scholarship offered by NR DFS. If a student decides to use the website to apply to other scholarships, he/she may have to respond to the essays or to a different essay that a particular scholarship requires.

As you will see in the image shown below, at the time of the creation of this guide, there is language that suggests North Reading Dollars for scholars “requests that you complete” these essays. However, we have confirmed with North Reading Dollars for Scholars that neither is essay is required for scholarships they offer.

The "References Area" allows students to request that a letter of recommendation be submitted on their behalf. However, students **do not** need a recommendation when applying to a scholarship offered by North Reading Dollars for Scholars. Letters of recommendation are **not** used as part of the application review process by North Reading Dollars for Scholars. **If you only plan to use this website to apply for one of the scholarships offered by the NR DFS, please do not make a request for a reference.** However, if you later decide to use this website to apply for a different scholarship and that scholarship requires a letter of recommendation, you can return to this area to "Add Reference Information" at that time.

At the time of the creation of this guide, there is language in the "References Area" that suggests North Reading Dollars for Scholars "requests that you provide references." However, we have confirmed with North Reading Dollars for Scholars that they do not require any letters of reference.

Finishing and Submitting the Application

The link for the "My Scholarships" area is located just below the "My Information" links.

Once you have completed the required parts of the application, **you must enter the "My Scholarships" area to finish and submit your application.** The "My Scholarships" area can be accessed from the "Dashboard" or from a link you will see on the left side of the page (see indication to the left) as you are completing your profile. Before submitting the application, you must click on the "Questions" button (indicated by arrow) and answer the question listed. Please note that the "look" of the website may change slightly from year to year. It is likely that when students select the "Questions" button, they will see the sentence, "Be sure to upload your latest transcript." Students **do not** have to upload a transcript. Students should only type "OK" into the box located next to the sentence then select the "Save" button. The "Questions" button should turn from "red lettering" (as depicted above) to "blue lettering" indicating this requirement has been satisfied. Students should then select the "Submit" button located below the "Questions" button. **Selecting the "Submit" button is required; however, please note that the applicant still has not submitted his/her application to NR DFS. Help

NOTE: You must submit to a scholarship in order to be eligible for it.

NOTE: Some scholarships require additional information from you before you will be able to submit. This will be indicated by an active Essays or References button. Click on the active buttons, complete the information and the Submit App button will activate. If the Essays and References buttons are not active on a matched scholarship, no additional information is required.

NOTE: If you see a button that reads "no longer eligible", then your profile or the scholarship requirements have changed and you are no longer eligible for that scholarship. To check this, click the "Verify Eligibility for all Scholarships" button below.

The "Submit App" button is grayed out below because you are under 18, are not emancipated, and have not yet received parental consent to apply for scholarships through Scholarship America. Go to the Parent/Guardian Info section and complete the instructions there.
