

West Central Area Dollars for Scholars

GIVING LEVELS

WCA Dollars for scholars established given levels in 2009 to recognize individual and organizations who provide financial support for annual awards. Additionally, the giving levels provide a means of budgeting for long-term goals related to giving.

Donors who commit to a specific giving level are recognized in DFS publications. DFS will track the status of each pledge and issue a reminder invoice near the anniversary date. Permanent “named scholarships” are established in honor of donations of \$5,000 or more.

Once the requirements of a particular giving level have been satisfied, donors may join a higher level; previous donations will transfer to the new level. Or the donor will be “knighted” – meaning continued contributions at the same level will be recognized.

The 555 Knight sponsor level symbolizes the five communities along Highway 55 that comprise the WCA school district.

WCA GIVING LEVELS
