Since 1985, when the program began, more than $3,050,000 has been contributed and awarded as scholarships. All graduating seniors are eligible to apply. All scholarship selections are made by the Awards Committee appointed by the Two Rivers Dollars for Scholars Board. The selections are anonymous and based exclusively on a ranked combination of application score and merit.

Donors are recognized in the Senior Awards Ceremony program as well as on our website. Donations of $750 or more may be named and awarded according to donor designations for example; an elementary PTA may designate the recipient of their award to be a former student of their school, or John Doe may wish the award to go to a student who is planning to attend a specific college, major in a specific field or has a certain GPA. Donations under $750 are placed in the general fund and awarded in the name of the Two Rivers Dollars for Scholars. In 2021, in response to the rising costs of education, our Board voted to supplement scholarships to make the minimum scholarship $750 for all recipients. With that in mind, going forward, gifts of $750 or more are eligible to be named and awarded as designated by the donor.

Donations may be made:
