

NACHES VALLEY DOLLARS FOR SCHOLARS

SCHOLARSHIP APPLICATION CRITERIA

Naches Valley Dollars for Scholars has, over the years, developed our criteria used to determine the scholarship amount for each individual applying for our scholarships. All scholarships are based on merit and evaluated using the following criteria.

INITIAL REQUIREMENTS:

- Students must be graduating from Naches Valley High School
- Students must be graduating in the year the scholarship is being awarded.
- Students must have a minimum 2.50 grade point average (GPA) based on a 4.00 GPA scale. We do have a policy students can access if they had a poor start to high school but have shown good growth later in their high school career but do not meet the 2.50 requirement. We then look at the student' growth and potential to continue that growth.

COMPLETED APPLICATIONS ARE SCORED BY THE FOLLOWING CRITERIA:

- Work experience/community service
- Activities and leadership contributions
- Educational and Career Objectives (What we describe as Goals Essay)
- Unusual circumstances essay
- Scholastic aptitude (GPA)
