

## CONSIDER A GIVING LEVEL—cont. from page 1

Once requirements of a giving level have been met, donors have the option to join a higher level. Donors who continue contributions at the same level are considered "knighted" and recognized as such. To all who support a "Giving Level," thank you for your investment in our WCA youth! If you're interested in learning about this option, the various Giving Levels are detailed in the right column. As always, we appreciate your generosity and support for our WCA students.
