

Dear Parents and Students,

Attached are the 2020 Canton Dollars for Scholars Student Scholarship descriptions. Our selection committee is composed of individuals who do not have any vested interest in the award process. Additionally, all applicants are evaluated anonymously, based on information provided by the student, and are matched to the criteria outlined in the scholarship description. Applicants must be high school seniors [this includes mid-year graduates] and residents of Canton or attending Canton High School. Canton residents who are seniors at public, private, or parochial schools may apply and are eligible for most of our scholarships. Applicants must anticipate enrolling full-time at a university, college, junior college, technical institute, trade/vocational school, school of nursing or other recognized training facility or certificate program which provides post-secondary education. Many local individuals and organizations fund scholarships through CDFS and we also offer general scholarships funded by money raised through our annual fund-raising efforts.
