What are Collegiate Partners?

Collegiate Partners® are colleges, universities and other accredited postsecondary institutions that demonstrate their commitment to the development of private sector student aid by supporting the mission of Scholarship America® and its Dollars for Scholars® program.

Collegiate Partner institutions make the following commitments relating to undergraduate students:

- Dollars for Scholars scholarships and other Scholarship America-related scholarships will be used to fill any unmet student need remaining after the institution's financial aid package has been calculated.
- When unmet need no longer exists, Dollars for Scholars scholarships and other Scholarship America-related scholarships will be used to adjust the self-help portion of students' financial aid package, with student loans reduced before work-study.
- When unmet need and self-help have been eliminated, the treatment of Dollars for Scholars scholarships and Scholarship America-related scholarships remaining may be applied to the student's financial aid budget at the institution's discretion.
- Collegiate Partners also provide additional support in many ways. For example, Collegiate Partners may:
 - provide speakers for Dollars for Scholars affiliate workshops,
 - host Dollars for Scholars events on their campuses,
 - support efforts and provide leadership to organize local Dollars for Scholars affiliates.

What are Matching Collegiate Partners?

Matching Collegiate Partners make further commitments to undergraduate students who have unmet need by agreeing to match (in part or in total) the scholarship awards coming to their campuses from Dollars for Scholars affiliates and/or Scholarship America-managed corporate programs. (Some Matching Collegiate Partners, at their option, provide matching awards even when the student's need is fully met). These matching funds do not replace previously awarded institutional grants.

Matching Collegiate Partner institutions make the following commitments:

- To match scholarship awards coming from Dollars for Scholars affiliates and/or Scholarship America-related programs with the maximum amount matched per student for each academic year set according to the parameters listed below. If no unmet need exists, no matching funds need to be provided.
- That matching funds will not replace previously awarded institutional grants (as outlined under Basic Collegiate Partner commitments).
- To match Dollars for Scholars and/or Scholarship America-related scholarships one year beyond this Agreement period.

Matching award policies vary among colleges in the amount of the match per award and the total dollars budgeted each year. **In many cases, the matching funds are available on a first-come, first-served basis.** Some participating schools require the student to demonstrate financial need or meet other qualifications to be eligible for the match.

The Matching Collegiate Partner schools' policy is listed in **bold red** print at the end of that school's description. All Matching Collegiate Partners and their matching policy are listed in the forward portion of the Collegiate Partner Directory. **Please read the policies carefully.**

Do not send a Matching Award Request form to schools that are **not** listed in **red**.

How To Use This Directory

The *Collegiate Partner Directory* is an excellent resource for exploring a variety of college opportunities. This Directory provides information about **Collegiate Partners** and **Matching Collegiate Partners**.

Here's how to locate and understand the information provided in this directory:

- All colleges are listed alphabetically by state with a brief description of each.
- **Matching Collegiate Partners** are shown in **red** and are listed in the front portion of this Directory.
- An index in the back of this Directory lists all colleges alphabetically

Matching Collegiate Partners: The matching award policy for each school is listed in **red** after the college's description. The information contains the maximum match per student each year and the total amount budgeted by institutions each year to match Dollars for Scholars and/or Scholarship America-managed corporate awards.

Working with **Matching Collegiate Partners**

*(matching funds are available from schools designated as **Matching Collegiate Partners Only**)*

If your affiliate has one or more award recipients attending a **Matching Collegiate Partner** school, follow the steps listed below:

- Locate the **Matching Award Request Form** at the end of this *Directory*. This Form can be photocopied as needed. The Matching Award Request Form is also available to download from the Affiliate Resources area of ChapterNet (<https://admin.dollarsforscholars.org>)
- Complete one Matching Award Request Form for each recipient attending a Matching Collegiate Partner institution. **The Form must be signed by an affiliate official.**
- Mail the completed and signed form(s) to the college official identified in **bold red color** at the end of the Matching Collegiate Partner's description.
- **Do not** give the completed forms to the recipients to bring to their institutions. If your affiliate has multiple recipients attending the same Matching Collegiate Partner, mail the completed forms for those students together.
- Do not delay in completing the Matching Award Request Forms and forwarding them to the respective institutions. Many Matching Collegiate Partners have an annual budget allocated for matching Dollars for Scholars and Scholarship America-managed corporate awards, so funds are distributed on a first come – first served basis.
- Provide the recipient with basic information about the possibility of the institutional match. Many affiliates include a paragraph in their congratulations letter. Suggested language includes informing the recipient that they are attending a Matching Collegiate Partner; that the institution may match a portion of their affiliate award; and that the affiliate has already informed the institution of their award.
- Contact your Dollars for Scholars office if you have questions about the Collegiate Partners Program and/or matching awards. See Page 4 of this *Directory* for your Dollars for Scholars contact information.

IMPORTANT NOTE:

- 1) The check writing policy for all Dollars for Scholars Affiliates is to have the checks made out to the school only; and
- 2) Affiliates must have the phrase “*Dollars for Scholars*” displayed on their correspondence or award check to clearly identify them as part of the Scholarship America Dollars for Scholars network. This will ensure that Collegiate Partners recognize the affiliate awards.

If corrections are needed to any information in this *Collegiate Partner Directory*, please call toll-free 800/248-8080 or send an email to dfichtner@scholarshipamerica.org.

Indiana Wesleyan University (IN)

The Indiana Wesleyan story – Indiana Wesleyan University, an evangelical Christian comprehensive university of the Wesleyan Church, was founded in 1920 and is committed to liberal arts and professional education through undergraduate and graduate programs. For many years, Indiana Wesleyan has been the fastest-growing university in Indiana and is now the largest independent university in the state in student headcount. The university is also the largest of the 180 members and affiliate institutions in the Council for Christian Colleges and Universities. Traditional students attend classes on IWU's 350-acre campus in Marion, IN. Most buildings on the university's main campus have been built in the last 20 years, so students live and learn in state-of-the-art residence halls and academic buildings. The university has received national attention for its innovative adult education program, which was launched in 1985. Adult education degree programs are offered online and at regional campuses in Indiana, Kentucky, and Ohio. Online learning has been the largest area of growth for the university in the last five years. Students across the nation and around the world are completing associate, bachelor's, and master's degrees completely online. Programs of study for adult learners are offered in business, nursing, education, ministry, and counseling. IWU also offers a doctorate in organizational leadership. Most recently, Wesley Seminary at Indiana Wesleyan University was established. The seminary is providing individuals in ministry a highly innovative opportunity to earn a Master of Divinity or Master of Arts in Ministry degree by either attending classes online or on campus. In recent years, the annual survey of American colleges by U.S. News & World Report has recognized Indiana Wesleyan for its educational quality and affordability. IWU is now ranked as one of the top Regional Universities in the Midwest. Two national organizations have tapped IWU as a "best place to work."

Waldorf College (IA)

Founded in 1903, Waldorf College is a friendly, private liberal arts school located right in the center of Forest City, Iowa, just two hours north of Des Moines and two hours south of the Twin Cities. We have an excellent selection of top majors, including communications, business, criminal justice, and wellness, all taught by professors, not teaching assistants. A low student-faculty ratio means students get plenty of personal attention from caring professors dedicated to their success. The most recent National Survey of Student Engagement put Waldorf College in the top 10 percent nationwide for student-faculty interaction and supportive campus environment. Performing arts are big at Waldorf, featuring vibrant and renowned theatre and music programs. We offer special performing arts scholarships to non-majors. Waldorf offers 18 sports teams (cross country, ice hockey, bowling, and women's wrestling are recent additions), with new locker room facilities and a state-of-the-art artificial turf football/soccer field. Intramural sports include cross-country skiing, broomball, and Frisbee golf. Waldorf College is academically flexible, with a two-year associate degree program in addition to our traditional four-year liberal arts curriculum, as well as accredited online programs in psychology, business administration, organizational leadership, fire science administration, criminal justice administration, and a new Master's Degree in Organizational

Leadership. Waldorf College has one of the lowest tuition rates in Iowa, and some of the lowest student debt loans in the region. Our generous scholarship programs make a quality college education even more affordable. Students can get a \$500 scholarship just for visiting the campus.

Fisher College (MA)

From our founding in 1903, Fisher College has helped open doors to students seeking successful careers and provided graduates with the academic qualifications to pursue more advanced degrees. Because Fisher provides the positive caring environment of a small private college, students are better able to discover and develop their individual talents. Frequently, graduates of both our associate's degree and our baccalaureate degree programs return and tell us that the college and its faculty were the key to helping them realize their interests and their potential to succeed. The students who attend Fisher College have the opportunity to create a college experience that is as unique as the students themselves. Located in the best college town in the country - Boston - Fisher College offers students a college environment that is truly rare: the intimacy and attention of a smaller institution and the excitement and opportunities only a city like Boston can provide. Fisher College students have many programs from which to choose, such as management, business, fashion, and early childhood education to name a few. A degree from Fisher means you are well equipped to move immediately into a career. Now picture yourself living in a turn-of-the-century "brownstone" townhouse with all the comforts of home, learning in small classes where you get all the attention you need, and participating in the exciting life of the city. Sound good to you? Living it is even better.

Hampshire College (MA)

Opened in 1970 in Amherst, Massachusetts, Hampshire College was created when presidents of four distinguished New England colleges sought a home for bold, influential - even radical - ideas in higher education. At Hampshire your education focuses on personalized, independent work, close collaboration with faculty, and hands-on experience through study abroad, short-term field studies, internships, volunteer work, advanced independent projects and much more. As part of our academic philosophy, we use narrative evaluations instead of grades and we no longer consider SAT or ACT scores in any way as part of admissions and financial aid decisions. Our 1,400 students take charge of their own intellectual and artistic development and integrate an active, independent, critical, and reflective perspective into their lives as a whole. Hampshire aims to graduate lifelong learners with the courage to challenge boundaries, ask questions, and ignite knowledge with creativity. Beyond Hampshire's own substantial academic resources, students draw on those of Amherst, Mount Holyoke, and Smith Colleges and the University of Massachusetts at Amherst which together form the Five College consortium.

Paul Smith's College, The College of the Adirondacks (NY)

Paul Smith's College, The College of the Adirondacks is set in the Adirondacks of Northern New York amid awe-inspiring mountains, sparkling lakes, and lush forests. The main campus of the 14,200-acre property is on the shores of Lower St. Regis Lake, providing a safe, comfortable, and invigorating environment to obtain baccalaureate or associate degrees. Bachelor's programs include biology, business, culinary arts and service management, fisheries and wildlife sciences, forestry, hotel, resort and tourism management, natural resources, and recreation, adventure travel and ecotourism (RATE). Alternatively, careers also start with associate degrees in programs such as business, culinary arts, forest recreation or forest technician, liberal arts, hotel and restaurant management, outdoor recreation, surveying, or urban tree management. Students at Paul Smith's never have to worry about getting lost in the shuffle. Our small class sizes allow each student to realize his or her potential. The 14:1 student-faculty ratio means teachers, mentors, and advisors are always close at hand to listen and encourage individual growth. And, although our community is small, our scope extends far beyond the Adirondacks. Paul Smith's student population is increasingly culturally diverse with young people coming from around the world. Ireland, Bosnia, Italy, Tibet, Japan, and Kenya are countries recently represented within the student body. Extensive hands-on training, field work, internships, externships, and experiential learning is what sets Paul Smith's apart from other colleges. Regardless of the program, our students start gaining valuable, hands-on experience in each chosen career in the first semester. Forestry, surveying, and the environmentally-based programs utilize the six-million acre Adirondack Park for their classroom, while the culinary students have new, state-of-the-art

kitchens on campus, and the college-owned, "Hotel Saranac" as a real-time classroom. Beyond the classroom, there are a variety of internships and externships offering exciting opportunities to enhance their experience and credentials all the more. Considering today's competitive job market, Paul Smith's hands-on experience is a smart choice. Upon graduation, opportunities are virtually unlimited, and for the past ten years the transfer and job-placement rate has been a near-perfect 99 percent! *Contact Admissions, Paul Smith's College, The College of the Adirondacks, P.O. University of California, San Diego (CA)

The University of California, San Diego is one of the nation's most accomplished research universities: diverse, innovative, revolutionary, edgy, risk-taking, socially progressive, sustainable, and life-changing. Washington Monthly ranks UC San Diego first in the nation for public service and positive impact on the country, and U.S. News & World Report lists it as the eighth best public university in the nation. And it's not all work for the university's 31,602 undergraduate and graduate students. We're ranked #1 in the nation for surfing by the global website surflife.com! This distinctively beautiful campus, with a majestic view of the Pacific Ocean, is both a magnet and a catalyst for international institutes and acclaimed Nobel laureates. Students learn from leading minds and uncommon scholars who are experts at the forefront of their fields with an impressive track record for achieving scientific, medical, and technological breakthroughs. Innovative interdisciplinary programs provide exposure to cross-departmental theories and practices. UC San Diego is also a leader in climate science research and one of the greenest universities in the United States. A unique six-college system offers undergraduate students the benefits of a small-campus neighborhood atmosphere for social life, housing, and dining along with opportunities for involvement in student government and community activities - while retaining the academic advantages of a major research university. The campus is a leader in providing undergraduate students with valuable, hands-on research opportunities outside the classroom in virtually every discipline. A UC San Diego education is highly regarded by graduate schools, employers, and educational and scientific organizations. Twenty-two percent of undergraduates study abroad and 18,500 students are involved in public service. With more than 600 student organizations, students are sure to find a group to suit their goals and interests. UC San Diego's Tritons hold thirty national championships and compete in 23 different NCAA Division II team sports; students enjoy a wellness program and recreational sports team activities.

Quinnipiac University (CT)

Quinnipiac today is a thriving, three-campus university located in southern Connecticut. It offers more than 70 programs to 6,900 undergraduates and 2,300 graduate, medical, and law students. The university, founded in New Haven in 1929 with an emphasis on business, was known as the Connecticut College of Commerce until it changed its name in 1951 to Quinnipiac College. Soon thereafter, having outgrown its New Haven surroundings, the university moved to its 250-acre Mount Carmel Campus in Hamden, Connecticut, 90 minutes north of New York City, two hours from Boston and eight miles from metropolitan New Haven. In 2000, the name Quinnipiac University was adopted to better reflect the quality and diversity of the school's programs at both the undergraduate and graduate levels. Over the years, Quinnipiac has experienced dramatic and steady growth in the quality and scope of its academic programs. The early focus on business has now expanded to include nationally recognized programs in health sciences, communications, education, law, and arts and sciences. In 2007, Quinnipiac dedicated its TD Bank Sports Center, the first of several buildings on its 250-acre York Hill Campus. The center houses separate arenas

for the university's Division I men's and women's ice hockey and basketball teams. York Hill also contains residence halls for 2,000 students, a student center and fitness facility, and a 2,000-car parking garage. A third 104-acre campus in nearby North Haven serves as home to the School of Education, School of Law, School of Health Sciences, School of Nursing, and Frank H. Netter MD School of Medicine, as well as many graduate programs. Throughout its history, Quinnipiac has remained true to its three core values: high-quality academic programs, a student-oriented environment, and a sense of community. The university is easily reached via the Connecticut Turnpike (Interstates 95 and 91), the Merritt Parkway (Route 15) and Interstate 84.

Bates College (ME)

Bates College is a private, highly selective, residential college devoted to undergraduate study in the traditional disciplines of the liberal arts and sciences as well as in emerging interdisciplinary programs. Founded in 1855 by abolitionists who believed strongly in freedom, civil rights, and the importance of a higher education for all who could benefit from it, the college has always admitted students without regard to race, religion, national origin, or gender and was the first co-educational college in New England. Located in Lewiston, Maine, Bates offers the B.A. or B.S. to an enrollment of approximately 1,700 students, currently coming from 46 states, districts, and territories and from 65 other countries. With a student-faculty ratio of 10:1 and a commitment to supporting scholar-teachers of highest distinction, the educational community challenges and supports students as they reach toward their full intellectual potential. Students develop an array of analytical and communication skills by pursuing one of 32 majors and completing a thesis or capstone experience.

Bowdoin College (ME)

Bowdoin College is a private, coeducational, undergraduate liberal arts college of 1,800 students. Founded in 1774, it is located in Southern Maine, one of the most attractive regions of New England. Although the cities of Boston, Portland, and Freeport are easily accessible to students, Bowdoin is only 3 miles from the ocean and provides students with the unique academic and extracurricular benefits of a coastal environment. Much of Bowdoin's appeal lies in its ability to offer an outstanding education in an informal and beautiful environment. The dynamic intellectual atmosphere relies on the strength of its faculty, its state-of-the-art resources, and its ability to attract an unusually academically talented and motivated student body. Over 80 percent of our students will choose to initiate and complete at least one semester of independent study with a professor on topics of personal and academic interest.

College of the Atlantic (ME)

The College of the Atlantic (COA) was founded in 1969 to provide an ecological, problem-solving approach to education that combines academic rigor in the arts and sciences with practical application. The college's small size allows students to work closely with faculty members and to design an individualized program suited to their own particular interests. Enrollment during 2014-2015 was about 375. The college is located in the town of Bar Harbor on Mount Desert Island, Maine, where Acadia National Park is also situated.

Connected to the mainland by a causeway, the large, scenic island lies 300 miles north of Boston and 40 miles east of Bangor. The academic program is designed to develop an ecological perspective through the understanding of social, biological, and technological interrelationships. With this perspective, students acquire the skills necessary to enter the fields of science, education, business, law, design, the arts, health, or journalism. Within the degree focus, students may develop individualized programs in one or more of the following areas: environmental science, humanities, international and regional studies, landscape and building design, marine studies, natural-history-museum studies, business, public policy, sustainable agriculture and community development, teacher certification, and visual arts. Sixty percent of COA's alumni have pursued graduate or professional education at some of the country's leading institutions. In addition to its undergraduate degrees, the college also offers a master of philosophy in human ecology.

University of Maine Farmington (ME)

Located in the spectacular lakes and mountains region of western Maine, the University of Maine at Farmington (UMF) is Maine's affordable alternative to a private liberal arts school. Established more than 150 years ago as the state's first public institution of higher education, the university offers more than 40 academic programs in teacher education, human services, arts and sciences, and more. UMF's small classes, strong focus on teaching, individual mentoring by faculty, and distinctive courses of study provide the kind of learning environment where students not only thrive, but succeed beyond their expectations. The university's focus on personal attention and its collaborative approach to teaching challenge students to be active and engaged learners in a friendly, close-knit campus community. It helps them find and express with confidence their own voices, teaches them the humility to seek wisdom from others and prepares them for ongoing explorations of how knowledge can be put to use for their personal benefit, career advancement, and the common good. UMF has earned a national reputation for excellence. It was named a U.S. News "Best College" 18 times since 1998; three times rated a Washington Monthly "Best Bang for the Buck" school; a "Top 100 School" by Educate To Career; three times a "Top Green College" by the Princeton Review; and five times a "School That Contributes to the Public Good" by Washington Monthly. As a nationally recognized comprehensive master's institution we offer 49 undergraduate majors, and more than 50 masters programs, teacher certification programs and advanced graduate certificates, all at an exceptional value. Our student-faculty ratio is 19:1 and average class size is 21. The 464-acre campus is located near the Village of Brockport, a small, Victorian college town on the historic Erie Canal - 16 miles west of Rochester and 45 miles from Buffalo. The college offers one of the largest and expansive study abroad programs in the nation, with more than 120 programs in 37 countries on all 7 continents. There are more than 100 sponsored clubs and organizations, 23 NCAA Division III athletic teams, arts programs, and guest lectures, fraternities and sororities, and intramural sports. Freshmen admission is selective and competitive, with consideration based on strength of academic program, course grades, class rank, and SAT/ACT scores. Transfer applicants must have a minimum 2.5 cumulative GPA. For students who have less than 24 transferable college credits, we also consider high school transcripts and SAT/ACT scores.

Originally employing one professor who taught 6 courses, the UW now boasts 3,500 faculty, nationally recognized sports teams, 400 student organizations, and one of the top research libraries in North America. The UW's 700-acre campus, considered by many to be one of the most beautiful in the United States, is located northeast of downtown Seattle in the University District, one of the city's oldest and most diverse neighborhoods. The UW offers more than 130 majors and 1,800 courses each quarter – an array of options seldom matched by other institutions. Students pursue their studies confident that the UW's broad base of support – from academic advising, world class computing resources, and internship and research opportunities – will enhance their studies and they won't leave college broke, because the UW is consistently rated among the best buys in higher education.

Dear [Mr./Ms. Last Name OR Office of Financial Aid],

We are pleased to inform you that the student listed below has received a scholarship from our Dollars for Scholars Affiliate. As a Scholarship America Matching Collegiate Partner, you have agreed:

- To apply this Dollars for Scholars award to fill any unmet need remaining in the student's financial aid package after your institution has made its initial financial aid offer. If no unmet need exists, this award will be used to adjust the self-help portion of their financial aid package.
- To match scholarship awards coming from Dollars for Scholars affiliates with the maximum amount matched per student for each academic year according to the parameters set by your institution as listed in the Collegiate Partner Directory. If no unmet need exists, no matching funds need to be provided.
- That matching funds will not replace previously awarded institutional grants

We deeply appreciate the extra commitment that your institution has made to the Dollars for Scholars movement and to our Affiliate in particular. Please do not hesitate to contact me if you have any questions regarding this student's scholarship. For questions regarding the Collegiate Partner program in general, please call Scholarship America at 800/248-8080.

Sincerely,
