### Helping Local Students Pursue Their Dreams

Since 2003, Upper Kittitas County Dollars for Scholars has been helping students pursue their dreams. Our scholarship recipients come from a variety of backgrounds - stable homes and challenging homes, families from different income brackets, homes where post-secondary education was emphasized and homes where it was not.

But all of our scholarship recipients share one commonality: they knew that they needed more than a high-school diploma to achieve their life's goals. One such recipient, pictured at right, is Holly. She received a renewable scholarship from UKC Dollars for Scholars in 2016. Holly epitomizes the determination, motivation and drive shared by many of our scholarship recipients. As just one example, in order to pay for her college education, Holly applied for more than 80 scholarships before and after entering college!

Attending the University of Idaho, Holly has helped start a Grand Challenge Scholars Club and represented UI at the National Academy of Engineers Annual GCSP meeting in Washington D.C.. She interned with WSDOT for two summers and worked on the Snoqualmie Pass project. This summer she will be interning with IMCO construction. Holly is already looking to the future and considering pursuing a Master's degree in structural engineering.

Whether our students seek vocational/technical education or PhDs, the singular goal of UKC Dollars for Scholars is to help students like Holly pursue their dreams. If you have supported Upper Kittitas County Dollars for Scholars in the past, we thank you and sincerely hope you will continue to support outstanding young people like Holly. If you are new to our organization, we hope you will consider us in your future giving plans.
