

Tri-West Dollars for Scholars scholarship applications open November 1. You will need to update your online profiles in order to see the scholarships available and apply.

**Steps to update your profile:**

- 1) Open the TWHS page, click on Menu, About TWHS, then Dollars for Scholars. Select the Students & Parents Tab, Click to Login. You can also access the site at: <https://tri-west.dollarsforscholars.org/>
- 2) Under the Schools tab, change your Current Grade Level to "SENIOR." You may be redirected to the "Dashboard" Page. If so, just click on the "Work on Profile" icon to work on completing your "My Information" tabs.
- 3) If you are interested in applying for any scholarships that consider Financial Need, you must input your FAFSA EFC number under the Financial Information Tab. If you don't know your FAFSA, you may initially input 99999, but you'll need to replace with the valid number to be considered for those awards. You must also upload the first page of your FAFSA SAR form in the Documents tab before the application due date. View your SAR by logging into your FAFSA form and select "View SAR" from the "My FAFSA" page. If you provided an email address on your FAFSA form, you'll receive an email with a link to an online copy of your SAR form from [noreply@fafsa.gov](mailto:noreply@fafsa.gov).
- 4) Before the close date of January 31, be sure to thoroughly update your entire profile, (all tabs), including all your Activities, Awards, and Employment you have experienced or earned during your high school years. For most scholarships, your profile information weighs heavily on your scholarship application scores.
- 5) Complete all tabs accurately and to the best of your ability. Be sure to request Transcripts from your Guidance Counselor under the "Transcripts" tab.
