

Our secure web portal will allow you to create a student profile and apply for local, and some regional or national scholarships. This is a template website, provided for our use by Scholarship America. Because we cannot customize this template, we provide instructions on the log-in page that will help you match to our local scholarships. PLEASE read them!

Younger students are welcome to begin filling out the student profile now and return when appropriate to apply for scholarships.

Students using this online application may also qualify for regional and national scholarships that may be available throughout the year. We encourage you to return to this website, update your student profile and search for scholarships throughout your college career.

Applicants will be notified of award decisions in mid-April. Curious about the types of scholarships we offer? Check out our [News & Events](#) tab for a list of the scholarships we have offered in the past.
