

Dear Community Members:

MACS Dollars for Scholars will be lighting the windows of the historic Mexico High School from December 2024 through early January 2025 with our annual Memory Lights fundraiser. This event has become a much-anticipated annual tradition in our village.

The Dollars for Scholars Memory Lights project helps fund our scholarships for the current academic year. Our organization has been thrilled with the Mexico community's response, raising approximately \$2,500 per year through generous donations and support from many different sources.

Sponsoring a Memory Light is a great way to honor and/or remember family members, students, teachers and staff who have touched our lives while providing critical scholarship funds to the Class of 2025. A minimum donation of \$20.00 per window will sponsor a Memory Light.

For the safety of the students, staff and the building, MACS Dollars for Scholars has upgraded the candles to battery-operated LED lights. This will ensure that the Memory Lights shine bright approximately eight hours each evening during the event while keeping the school safe.

If you are interested in sponsoring a Memory Light, please complete the form below. Mail donations to:

MACS Dollars for Scholars  
PO Box 971  
Mexico, NY 13114

In late December, MACS Dollars for Scholars will publish a list of the sponsorships on the Dollars for Scholars Facebook page. Thank you for your generous support, which allows us to provide scholarships to our students!

Sincerely,

MACS Dollars for Scholars
