

## Jefferson Dollars for Scholars 2017 Camp List

Dear Parents and School Drive Coordinators,

Your child received an Academic Enrichment Scholarship that can be used at any of the listed programs and some others that are not listed. The total value of the scholarship is **\$250.00**. You **MAY** select more than one program as long as the total amount does not exceed the value of the scholarship. **\*\* If the amount exceeds the value, the balance is the responsibility of the Parent. \*\*** Special pricing may be available at participating camps for Jefferson Dollars for Scholars scholarship recipients only.

*You **must** present the double-signed authorization form when you register your child for camp. We will pay the camp directly. You choose the camp and register your child. We PAY!!!!!!!!!!!!*

Please note we **DO NOT** fund sports camps, day camps, religious or Bible camps of any kind. Our program focuses on enrichment camp programs only.

We hope your child has a great summer and we look forward to meeting you at the upcoming Awards Program! **Don't forget to have your child complete the 2017 Summer Camp Report and send in pics of your child enjoying their summer camp experience!**

If you are interested in your child attending a camp not listed that meets our enrichment criteria, please call the office **BEFORE** enrolling your child.

Please contact any of the listed camps for more specific details. Please email your questions or inquiries at [mail@jeffersondollarsforscholars.org](mailto:mail@jeffersondollarsforscholars.org). If the camp faculty has questions, have them contact us by email or phone to 504.831.1565.

## 2017 Hands-On STEM Summer Camps (Core 4 Kids)

**Address:** University of New Orleans, UNO TRAC Center, 2000 Lakeshore Drive, Suite 227, New Orleans

**Contact:** Jan Brenan      **Phone #:** 504.280.5710

**Email Address:** [info@core4kids.org](mailto:info@core4kids.org)      **Website:** <http://www.core4kids.org/>

**Cost:** \$350.00 per week; a \$25.00 registration fee is required. **No before or after care will be available.**

**Description:** Core Element's unique summer camp model pairs students and teachers to work side-by-side as an integrated learning team. By working in teams, students develop critical skills in reasoning, analytical thinking, leadership and team building.

**Each camper must bring their own brown bag for lunch, snacks and drinks. A \$100.00 scholarship has been extended to Jefferson Dollars for Scholars.**

### Session 1: Junior STEM Camp (grades 3 - 5)

**Dates:** Jun 19 - Jun 23      **Times:** 9:00 am - 3:00 pm

**Description:** Campers will utilize different STEM applications to introduce engineering and programming skills and develop teamwork and critical-thinking skills. WEDO Campers will use LEGO™ WEDO robotics kits to explore robotics while they build working models and complete specific tasks, and explore theme-based activities as they develop problem-solving and critical thinking skills. littleBits™ Campers will explore electronics, circuits and creative design with littleBits electronic modules. Campers will engage in projects that develop STEM literacy and critical thinking skills and foster creativity.

### Session 2: Coding Camp (grades 6 - 9)

**Dates:** Jun 26 - 30      **Times:** 9:00 am - 3:00 pm

**Description:** Campers will learn to code by building and deploying their very own web games using popular web-based technologies: HTML, CSS, JavaScript, and create graphics with Canvas API. No prior programming experience required. Campers will design, program and launch web games and deploy their creations to the internet to share with friends. Campers will develop algorithms that define a game's rules and logic, learn the common architecture of a video game from the ground up, and participate in team-based programming projects.

### Session 3: Introduction to EV3 Robotics (ages 10 - 13)

**Dates:** Jul 17 - 21      **Times:** 9:00 am - 3:00 pm

**Description:** Campers will learn how to build and program autonomous robots using LEGO™ EV3™ robots and Mindstorms™ Education Software. Participants in this weeklong session will get instruction and hands-on practice with activities that will allow them to build and program robots.

### Session 4: Advanced Robotics with Tetrix (grades 7 - 10)

**Dates:** Jul 24 - 28      **Times:** 9:00 am - 3:00 pm

**Description:** Advanced Robotics camp is designed for students who have prior robotics experience either through previous Core Element Summer STEM Camps, other summer robotics camps, or participation on a First Lego League team. Students will work with Tetrix robots which use more advanced materials and JAVA programming. Campers will develop and refine techniques to take their robotic skills to the next level. Participants develop teamwork skills as they explore methods to problem-solve best approaches to mission tasks and design and program better ways to complete those tasks.
