Saturday College Meetings

Announcing a New Year Round Faculty Team Model

Connecting Academic Year Programing to the Summer 2018 Seminar Classes

The UB Portfolio Project....

A student portfolio is a way of collecting and organizing academic, extracurricular and job-related experiences.

It is a compilation of work that reflects what was most important to a high school student and how he/she managed time and responsibilities – very important indicators of future success.

The portfolio is designed to provide a place for students to get it all together and remember where they put it.

Your UB portfolio will be created and updated in both a digital and hard copy (3-ring binder) format.

BUILDING YOUR COLLEGE PORTFOLIO NOW
