

## Westfield Spanish American Association Scholarship

The Westfield Spanish American Association is a group dedicated to helping the Latino community and the Greater Westfield community. We provide a positive impact with the Latino community and the community at large through identified role models for our youth, our future, and by promoting the family through involvement and education. Since 1996, the Westfield Spanish American Association (WSAA) has been a strong and positive presence in the Westfield community. As second and third generation Puerto Ricans living here, we wanted to make an impact for ourselves and our children in our community.

One of our primary goals has been to promote higher education among our young men and women graduating from high school and attending college. In the past twelve years, we have granted over \$47,900 in scholarships. As a result of the generous and consistent support of our past sponsors and participants at our various fundraising events, we have been able to partner this year with the Citizens' Scholarship Foundation of Westfield, Inc. to establish endowments that will secure our scholarship program. It truly is an exciting time for WSAA and we are very optimistic about the commitment of our loyal supporters and participants in uniting with us to continue the work we are doing in providing scholarships and community service programs.

Now it is your time. We want to be there for you so that in the future, you will be there for other young Latinos and our community. Go for your goals, complete your education, by doing so, you help WSAA reach our goals.

Felicidades and Congratualtions! We are truly very proud of you and we are happy to say you are a true Orgullo! Hecha Pa' Lante!
